System Access

System Requirements:
Prior to making any attempts to access the Indiana Fetal Death Registry System, please verify that your computer meets the following requirements.

1. Live Internet Connection
2. Widely used standard web browser (preferably Internet Explorer 6.0 or higher)
3. Acrobat Reader
4. Also, it is recommended, (but not required) that your PC should have a minimum of 2GB of memory.

Login and Password:
A login and password is required to access the Indiana Fetal Death Registry System. This must be obtained in advance by contacting ISDH.

- All users who have access to IDRS system as of 12/22/2010 will be migrated to IFDRS and will receive an email with credentials and the Web site address. You will receive your Password & PIN in another email.
- January 1, 2011, new users will need to complete a User Agreement and return to the State of Indiana Department of Health Vital Records. Credentials will be verified and a Login, password, and PIN will be generated and communicated in separate emails. User Agreements can be found on-line at https://myweb.in.gov/ISDH/IDRSThin/

System Security:
IFDRS has several built in security features such as but not limited to:

1. Secure Login process
2. Automatic log off if inactive for 10 minutes
3. Credentialing process before assigning User Names, Temporary Passwords, and PINs
4. New passwords are required at the time of initial login
5. Passwords requirements:
   a. Eight char minimum, and
   b. Upper and lower case letters, and
   c. Numeric characters
6. Passwords will expire in 365 days
Medical Certifiers Role in the IFDRS:

Medical Certifiers and their staff will have permissions to perform certain functions in the Indiana Fetal Death Registry System. Permissions are controlled by your login. If you feel that you do not have permissions to perform a needed function, please contact the System Administrator. Based on your permissions you will be able to perform some or all of the following functions:

1. Search for existing records
2. Process items that are in your work queues
3. Certification of Fetal Death
4. Medical Amendment (Resubmits)
5. Declining Records
6. Perform Medical Extracts
7. Generate Reports
IFDRS Login Process:

Access the Indiana State Department of Health Gateway

The ISDH Gateway Page is the first page you see after you access the web page. This is where you will login under the Secure Account Sign In.

1. Enter your User Name and Password and select Sign in.
   → If logging in for the first time, the system will direct you to create a new password after you have logged in with the temporary password.

2. After you have successfully logged in, you will be redirected to IFDRS Profile Screen.
3. If your login attempt fails you will receive the below message. Enter your User Name and Password again.

![Secure Account Sign In](image)

4. If you are unable to login, you can follow the Forgot Password prompt or contact the Electronic Register Helpdesk @ 317-233-7989.
IFDRS Profile Screen
The Profile Screen has several functions:

1. Allows you to view the profile information for your login and allows you to make changes in the My Profile page at the top of the screen.

2. Provides important messages concerning the Gateway such as scheduled system downtime.

3. Quick Info Links

4. Provides entry to the Fetal Death System by selecting the Tab.

5. Once you select the Fetal Death tab, depending on your login you will either be directed to the Location page or the IFDRS Start Page.
IFDRS Location Selection Screen

Based on your login you may be associated to more than one location; in this case you will see the Location Screen after the Profile Screen.

- Select the location you are entering or viewing records for by clicking on the appropriate Select button.

- Once you are in the IFDRS, you can also switch locations without logging out by selecting Change Location in the tabs on the Left Bar of the screen. This will return you to the location page.
IFDRS Start Page

The IFDRS Home Page is the first page you see after you login and select your location (if multiple locations). The Home Page contains four panes.

1. The Title pane on the top contains your login information which includes the location as well as a Logout button.

2. Process Tabs are directly under the Title pane and provide you navigation to specific areas of the IFDRS.

3. The Left Bar gives you access to perform system related functions including a FAQ as well as provides scrolling information that provides you with important information such as scheduled system maintenance.

4. The Workflow pane is where you will see pending items as well as notifications.
From the Home page you can:

- Access workflow or notifications

[Workflow] [Notifications]

- Access the Process Tabs where you can:

<table>
<thead>
<tr>

    - View your General work queue
    - View Notifications
  - **Reports Tab:** (This feature is not available at this time ~Future Development)
  - **Extract Tab:** Perform a Medical Extract process
  - **Help Tab:** View a mock up of a Fetal Death Form

- Access the Left Bar Function Tabs:

<table>
<thead>
<tr>
<th>User Document</th>
<th>Help Desk</th>
<th>FAQ</th>
<th>Change PIN Number</th>
</tr>
</thead>
</table>

  - **User Document:** Allows you to view the IFDRS user documents.
  - **Help Desk:** Provides you with information on how to contact the Help Desk.
  - **FAQ:** Provides a list of frequently asked questions.
  - **Change PIN Number:** Allows you to change your PIN number. PIN numbers are used in the Verification Process as an electronic signature.
  - **Change Location:** This tab will appear if your login is associated with more than one location. Returns you to the Location Page if your login is associated to multiple locations and allows you to select another location.
Queues

Work queues or workflow provide you with a list of records that require action. You can access your workflow in 2 ways.

1. When you first login to the IFDRS you are presented with the Home Page. The Home Page displays records that are active and notifications that are within 30 days. Workflow is listed in 3 separate tabs: **Less than 48 Hours Cremation**, **General**, and **Other Locations**.

2. **Less than 48 Hours Cremation**: This tab will show you any records that have been labeled Less than 48 Hours Cremation so you are aware these are in your work queue and work on them first.

3. **General**: This tab will show you all the general records for your location.

4. **Other Locations**: If your login is associated with other locations, this tab will be presented and allows you to view records that are open for other locations.
5. **Queues Tab** provides you access to the General Queue as well as Notification. You can search for certain records using a search function. Access to records by the Queues Tab allows you to see records that are more than 30 days old or have been completed.

</tr>
</tbody>
</table>
General Queues
The General Queue page has 2 sections; Demographic Data and Results.

The Demographic section allows you to select the type of records you would like to see in the Queue Type as well enter specific demographic data to perform searches of data.

The Results section displays the results based on the search criteria entered. When you first access the General Queue, all records for your login/location will be displayed.
Queue Type

You have the option of selecting from several different queue types by selecting a type from the drop down box:

1. **Unresolved**: This queue will provide you a listing of open records for your location.

2. **Medical Certifier not designated**: This queue will provide list of all records where the Medical Certifier has not yet been designated.

3. **Demographic Corrections**: This queue will provide a list of all records where there are pending corrections to be made.

4. **Late Records**: This queue will provide a list of all records that have exceeded the limit on the number of days to complete a record.

5. **Rejected/Declined/Void**: This queue will provide a list of all records for your login/location that have been rejected, declined, or voided.

6. **Open Records**: This queue will provide a complete list of all open records for your login/location.

7. **Suspected Duplicates**: This type will provide a listing of all records that are suspected duplicates.
Queue Results

The Queue Results window displays the results of the specific queue and data requested in the search. The results window has several user friendly features.

1. **Status Column** that provides a quick visual for records that are Approved or Overdue.

2. **Ability to sort** on any column heading.

3. **View option** to open and view a specific record. When you select View, the system will take you into the Demographic and Medical sections of that specific record. To return to the queue, you can use your browser's back button.

4. **# Of Pages and # of Records** indicator. This is located at the bottom of the results list and will:
   a. Tell you how many total items and pages there are.
   b. Allow you to go to a specific page by selecting that page number or using arrows to go back and forward.
   c. Allow you to change how many results are displayed on each page.
5. Extract data from the queue criteria in various formats
   a. Microsoft Excel
   b. PDF
   c. CSV
   d. Microsoft Word
Notification(s) Queue

The Notification(s) Queue page displays any record where a notification has been sent to your login or on a record that is associated to your location. Notifications that are 30 days or less appear on the Home page, you can also view current and past notifications by using the Notification Queue. Notifications are issued when records are updated at specific intervals. Not all notifications require action by you.

The Notification Queue page is broken down in 2 sections.

1. Search Criteria
   
2. Results List

Search Criteria

1. You can search by one or more of the following input criteria:
   
   - **Entered by:**
   - **From Date:** You can enter the date in MM/DD/YYYY format or select from Calendar tool.
   - **To Date:** You can enter the date in MM/DD/YYYY format or select from Calendar tool.
   - **Description:**
   - **Active:** Select from drop down box
     - Blank
     - Yes
     - No

2. Once your search criteria is entered you can select:
   
   a. **Search:** A search will be performed based on the input criteria
   b. **Reset:** Data entered into the search fields will be erased

3. Search Results: Your search results are displayed in the Results Window below the search criteria.
Search Results

Results are displayed in list form showing you the Description, Entered By, and Date for each Notification. The results window has several user friendly features.

1. **View** option to open and view a specific record. When you select View, the system will take you into the Demographic and Medical sections of that specific record. To return to the queue, you can use your browser's back button.

2. **# Of Pages** and **# of Records** indicator. This is located at the bottom of the results list and will:
   a. Tell you how many total items and pages there are.
   b. Allow you to go to a specific page by selecting that page number or using arrows to go back and forward.
   c. Allow you to change how many results are displayed on each page.

3. **Extract** data from the queue criteria in various formats
   a. Microsoft Excel
   b. PDF
   c. CSV
   d. Microsoft Word

4. **Refresh and Delete Notifications:**
   a. Refresh will update any additions/changes since you last ran the search.
   b. Delete Notifications will delete any Notifications that you have selected with the check box.
Certifications
Record Certification

Records that are ready for Medical Certification can be viewed from the Less than 48 Hours Cremation or the General Tab of workflow located on the Home Page. The workflow screen will show how many records (if any) are ready to be certified. To view these records click on the arrow with your mouse the records will be displayed.

Procedure
Create/Update Medical Record

**Introduction**

Use these steps to Medically Certify a record that is in your work queue.

**Please note:**

- The **Record Status Bar** above the Demographic and Medical tabs. This is a visual status bar that tracks each process through to completion.

- Before a record can be certified, the Medical portion of the record must be completed with all required fields, and all edit / audits resolved or overridden.
- The **Record Information** in the blue banner above the Record Status, this provides basic information for verification you are in the correct record.

![Record Information Banner](image)

- The Fetal Death Record is divided into two sections, Demographic and Medical. Access to these sections will depend on your role permissions.
- There 2 Function tabs on the right side of form:
  - **Record Actions**
    - Save
    - Delete
    - Save and Validate
    - Print
    - Informant Verification
    - Report of Fetal Death Form
    - Relinquish
  - **Event History**
    - View Event History

- The Medical portion of the Fetal Death Record consists of 12 separate tabs:
  - a. Fetus
  - b. Certifier
  - c. Initiating COD
  - d. Other COD
  - e. Manner of Death
  - f. Manner of Death 2
  - g. Medical Info 1
  - h. Medical Info 2
  - i. Risk Factors
  - j. Infections
  - k. Method of Delivery
  - l. Congenital Anomalies
The pages are set-up to allow you to tab from field to field with the field your cursor is on outlined.

You can navigate between Tabs by selecting the tab of the page you would like to go to, or by selecting the directional red arrows at the bottom right of the page.

You can move between Tabs without saving data on each page. However, please note, if you are logged out by system inactivity or loss of connection, any data not saved will be lost.

Save vs. Save & Validate: You can save data as you enter each page; this allows you to start a record and come back to it later. Validate, checks that data you entered against the IFDRS Edits and Audits. This step is necessary to move from Pending Status to Demographic Resolved Status.

Once all Tabs are completed and all Edit/Audits are resolved the Status Bar will show that the Medical Section is Resolved. You can then proceed to Certification.

Steps to Follow

1. Access IFDRS
2. From the Home Page and either Less than 48 Hours Cremation Tab or the General Tab, click the arrow next to Ready for Medical Data Entry. Please note: You may have records in both workflows.
3. From List of Records, select the record you want to release by clicking on “View”. Please note, records that are overdue are indicated with the Overdue Icon. The record will open to the Medical Tab.
4. You will notice that the Status Bar will have Green Lights through ‘Released’. The Record Status Bar tracks the progress of each record through the entire process.

<table>
<thead>
<tr>
<th>Record Status</th>
<th>Pending</th>
<th>Demographic Resolved</th>
<th>Released</th>
<th>Medical Resolved</th>
<th>Certified</th>
<th>Verified</th>
</tr>
</thead>
</table>

5. Enter the following sections
   a. Fetus
   b. Certifier
   c. Initiating COD
   d. Other COD
   e. Manner of Death
   f. Manner of Death 2
   g. Medical Info 1
   h. Medical Info 2
   i. Risk Factors
   j. Infections
   k. Method of Delivery
   l. Congenital Anomalies

6. Select Record Actions Tab from the right side of the screen. This will open up the available actions tabs you can process for this record.

7. Select Certify:
   Please Note: Certifying a record may only be completed by the Medical Certifier. All other steps may be completed by staff or Medical Certifier.

8. Enter your assigned PIN# to certify that the information is complete and accurate to the best of your knowledge, and select
   a. OK: to complete the certification process
   b. Cancel to return to the record.
If you select OK, you will be presented with a verification screen. Select OK. The system will:

1. Return you to the record you just certified.
2. A system generated e-mail will be sent to your indicating that a record has been verified. There is no action required, this is a security measure. An email will also be generated to the Local Health Department for their notification.
3. The Record Status will change and reflect the completion of the Verification process.

<table>

</tr>
</thead>
</table>

**Tips and Notes**

Remember, if you are inactive for 10 minutes the system will automatically log you out and any data not saved will need to be re-entered.

Certifying a record may only be completed by the Medical Certifier. All other steps may be completed by staff or Medical Certifier.

**More Info**

What you see in IFDRS, Record Actions will depend on the permissions granted to your user ID, you may not see the same things as another user.

Procedure

Medical Data: Certification

Introduction

Use these steps to enter and complete the Certification process in the Medical section of IFDRS.

You can access records to certify by either being in a record that you have just completed and resolved all Medical Data or from the Home Page / Workflow section under Ready to be Certified.

If you have records that are ready for certification, the system will indicate how many. To view these records, click on the arrow and the records will be displayed.

Steps to Follow

1. From the Record Actions Tab on your right select Certify.
2. You will be prompted to enter your PIN#.
   a. Enter your assigned PIN# and select either:
      i. OK: to complete certification; or
      ii. Cancel: to return to the record
3. Certification confirmation: Select OK

4. Status Updated: After you have selected OK, the system will return you to the Fetus Page of the Medical Record and the Status Bar will be updated thru Certified.

Tips and Notes
